

International Council of Ophthalmology launches World Ophthalmology Leaders Program

"Leadership Beyond Borders in Ophthalmology" in
Collaboration with the All India Ophthalmological Society

Didi Krishna Kumari Sadhu Vaswani Mission Keynote Address: "Leading With Light!"

Dear Members of the International Council of Ophthalmology and the All India Ophthalmological Society,

My heartfelt thanks to the organizers of the World Ophthalmology Leaders Program: *"Leadership Beyond Borders in Ophthalmology."*

Gratitude to each one of you for your tireless dedication and efforts in giving sight to the blind and for showing them the light.

A day will come when the blindfolds will be removed from our eyes and we too will see the light! The Divine "spark" is within each one of us. The light that is eternal. The light that is true love indeed.

Let me close with a thought from my Beloved Gurudev, Dada J.P. Vaswani: The question was asked:- "What is love?" The answer came:- "You will know when you become love!"

Sincerely,
Krishna Kumari
